

The Scottsboro Jackson County Rescue Squad was organized in 1960. We are an all volunteer organization with 36 members serving one of the largest counties in Alabama. Many of our members have been in our squad for more than 25 years, providing services to the people of Jackson County and surrounding areas. We are available 24 hours per day 365 days per year and we serve all the citizens of Jackson County. We provide many rescue services including caving and hunting accidents, search for lost or missing people, water search rescue and recovery, storm relief and many other types of rescues when called upon. We also assist law enforcement in their efforts throughout the county when needed. We are part of a state wide organization (Alabama Association of Rescue Squads) and respond to surrounding counties as well as state wide events when needed. Our funding over the last 65 years of operation has come from many sources. We receive funding from our city, county and state delegation representatives. Other funding must come from raising events performed by our membership. We are extremely grateful for your support and help in our efforts to make Jackson County a safer place to live and visit.

We hope you enjoy our tournament.-
